Parents who Place their Children in Nonpublic Schools

Parent/Guardian of _____

Dear Parent/Guardian:

- This letter provides information for you to be aware of if you have placed, or are considering placing, your child who has a disability or is suspected of having a disability in a nonpublic school for which you would be paying tuition. The federal Individuals with Disabilities Education Act (IDEA) and State law require the school district where the nonpublic school is located to assume responsibility to provide special education services for your child. The following information is important for you to know:
- You must request special education services in writing to the school district of location by June 1 preceding the school year for which the request for services is made, except that when a student is first identified as a student with a disability after the first day of June preceding the school year for which the request is made and prior to the first day of April of such current school year, the parent must submit the written request for services within 30 days after the student was first identified.
- Transportation requests to and from your child's home to the nonpublic school should continue to be submitted to us (i.e., the school district where you legally reside) by April 1 of the school year before transportation is to be provided in accordance with district policy.
- If you have placed your child in a nonpublic school and, while the child is enrolled in that school, you suspect that your child has a disability and you wish to have your child evaluated to determine if special education services are needed, you must contact the school district where the nonpublic school is located to request an evaluation to determine your child's eligibility for special education services.
- In order for us to share special education information about your child with the school district where the nonpublic school is located, we must have your written consent.
- If the nonpublic school where you place your child is located within the geographic boundaries of another public school district, the public school district in which the nonpublic school is located will arrange for and provide the recommended services for your child, including conducting special education individual evaluations, Committee on Special Education (CSE) meetings and developing an individualized education services program (IESP). An IESP must be developed in the same manner and with the same contents as an individualized education program (IEP). It is called an IESP to distinguish it from the IEP that would be developed if your child were reenrolled in our public school district.

- If the nonpublic school where you place your child is located within the geographic boundaries of our public school district, we will continue to provide special education services to your child, pursuant to an IESP.
- If the nonpublic school where you place your child is located in another state, your child may not be entitled to any or all of the special education services he/she might have received if enrolled in a public school. In this case you must contact the school district in the other State where the school is located and they must determine your child's eligibility for services and develop a Services Plan, which will indicate the services to which you are entitled.
- If you have a dispute regarding special education evaluations or services provided for your child by the school district where the nonpublic school is located, you should pursue resolution of these disputes with that school district.

Previously you have received a Procedural Safeguards Notice that explains your rights regarding the special education process, but if you need an additional copy, please contact our office.

Please sign and return the enclosed Parent Nonpublic School Acknowledgement/Consent form as soon as possible. If you wish for your child to receive special education services from this district, as the nonpublic school where you are placing your child is located within the geographic boundaries of our public school district, **this form must be received by June 1st.**

If you have any questions regarding these requirements, please do not hesitate to call.

Sincerely,

Ellen B. Loewy
Director of Special Services

UPCOMING SCHOOL YEAR: _____

STUDENT DISTRICT OF RESIDENCE: _____

STUDENT HOME ADDRESS: _____

PARENT/GUARDIAN NAME & PHONE NO.: _____

NONPUBLIC SCHOOL ELECTED: _____

In order to plan for your child, please indicate your decision below with your signature and return it to our office as soon as possible.

- I do not wish to discuss or arrange for special education services at this time. I am aware that if I do not wish to discuss or arrange for special education services at this time, this will in no way relinquish my child's right to receive a free appropriate public education in the future.
- I wish to discuss and arrange for special education services, as the nonpublic school is located within the geographic boundaries of this district. If services are provided, I give permission for the Committee on Special Education to exchange all pertinent educational information including my child's Individualized Education Program (IEP) with the above school. I also give permission for the Committee to observe my child at the above school and to request educational records.
- According to federal and State requirements, as the nonpublic school is not located within the geographic boundaries of this district, I understand that I must discuss and arrange for special education services with the school district where my child's nonpublic school is located. I have also been advised that the personnel and locations for the delivery of those services will be determined by that school district. I give permission for the Committee on Special Education to exchange all pertinent educational information including my child's Individualized Education Program (IEP) with the school district in which the nonpublic school is located, including this request to discuss and arrange for special education services. I also give permission for the Committee to exchange all pertinent educational information, including my child's Individualized Education Program (IEP) with my child's nonpublic school.
